Dear Ms Hawkins

Thank you for your correspondence dated 13 December addressed to the Minister of State for Immigration regarding strike action by Border Force and in particular, the training given in relation to EU national arrivals. Your email has been passed to the Border Force Correspondence Team, and I have been asked to reply.

I would like to begin by thanking you for taking the time to write regarding this serious issue. Please be reassured that all Border Force staff operating frontline duties, including contingency personnel, receive modular training on EU citizen rights of entry to the UK. The modular course covers entry requirements including proof of status provisions.

The public's interest and feedback is always welcome, and once again, thank you for the interest you have shown.

Yours sincerely
